

Modernization Kit No. 4750512
Sliding Window Cover

Barry-Wehmiller offers an improved Sliding Window Covers for Walking Beam Pasteurizers. This kit eliminates leaking and improves the aesthetics of your Pasteurizer. Also helps with maintenance, you do not have to remove the grate beams for installation or removal of the window covers.

This Sliding Window Cove can be installed on existing Model D and F Vortex Pasteurizers.

Please contact your Barry-Wehmiller Customer Service Departments for further details.
